Summer Edition | Stay connected with us through the [PLACE group on LinkedIn!](#)

PLACE in the Summer!

Summer is the perfect time to take advantage of PLACE to prepare for your future careers. Whether you're exploring potential career paths, refining your resume and cover letter, or developing professional skills, PLACE can provide invaluable support and resources. With fewer academic commitments, you can focus on career development, networking opportunities, and one-on-one appointments with our staff. Utilize this time to enhance your employability, gain clarity on your career goals, and get a head start on your job search, ensuring you're well-prepared for the upcoming academic year and beyond. Drop by PLACE or schedule an appointment in [Handshake](#) to learn more about how you can make the most of your summer!

Doing an internship this summer and want to be featured on PLACE social media? Contact Meghan Jester at jester@roanoke.edu to learn more about the Maroons on the Move summer series!

Starting an Internship?

Kickstart your internship with these 5 key questions on your first day to set yourself up for success!

Dominion Energy: 2024 Careers in Energy Diversity Student Conference

Dominion Energy is excited to announce that the fifth **Careers in Energy Diversity Student Conference** is now accepting applications! The conference helps us recruit outstanding interns and co-ops who reflect the communities we serve. We are thrilled that this year, the conference will take place in person at **Dominion Energy's headquarters in downtown Richmond, Virginia on October 9-10, 2024**. We will welcome 100 students, representing undergraduate majors from colleges & universities.

Our in-person conference provides an excellent opportunity for students to:

- Learn more about Dominion Energy, a Fortune 200 company
- Gain insights into what a career in energy entails
- Network with business leaders, employees, and other college students
- Access to summer 2025 internships across our footprint, in states such as Virginia, South Carolina, North Carolina, and Connecticut

We'd love to see you represented at the upcoming conference. Applicants must be current freshmen, sophomores, or juniors with a minimum 3.0 cumulative GPA. The application deadline is **June 01, 2024** and we encourage students to [apply now!](#)

Big Interview - On-Demand Interview Practice!

Want to spend your summer prepping for your next interview? Check out our new virtual resource - [Big Interview](#) - to prep for the dreaded "Tell me about yourself" question. Big Interview is an online system that combines training AND practice to help improve your interview technique and build your confidence.

HOW TO ACCESS BIG INTERVIEW

STEP 1: Go to <https://roanoke.biginterview.com/> and click "LOGIN".

STEP 2: Enter your Roanoke College credentials.

STEP 3: Start using Big Interview.

Want feedback on your practice? [Schedule a "Mock Interview" appointment](#) with PLACE and send us your video!

The Forage

Looking to build new skills to add to your resume? Check out the Forage!

[Forage](#) can be a great way to get ahead in your career. Forage provides free, online virtual experience programs created by Fortune 500 companies to provide you with the insights and skills you need to succeed in your job search and the start of your career.

Explore these new simulations during your summer break:

[Ford, "Electric Vehicle Engineering"](#) | In this introductory-level simulation, students will explore battery technology and robotics, while developing their modeling, visualization and communication skills. Great fit for introductory-level Engineering coursework!

[Ford, "Digital Intro"](#) | Here, you'll step into the shoes of a member of Ford's Digital team that specializes in iOS development. Students will experience working alongside a lead engineer while practicing skills such as code comprehension and iOS development. Great fit for intro-Computer Science coursework!

[Ford, EV Engineering Intermediate](#) | Students will join a team of engineers at Ford dedicated to advancing electric vehicle technology. Here, they will practice key skills such as cost-benefit analysis, design, data analysis and presentation.

[Ford, Electric Vehicle Engineering Advanced](#) | Students will learn robot operating system fundamentals and integration, while also conducting a detailed analysis of battery performance data under various use cases. Great fit for 200-level and above Engineering students!

[Diageo, "Manufacturing"](#) | Students will experience work as a Bourbon production team member at Diageo. Here, they will practice skills such as analyzing production downtime data and will strategically identify key areas and opportunities for boosting efficiency. Great fit for engineering, management and students interested in supply chain!

[Siemens, "Project Management"](#) | Students will step into the shoes of a project manager working on urban rail expansion for Siemens Mobility. Here, they will practice key skills such as KPI Development, Data Synthesis and Strategic planning.

[EY, “Financial Accounting Advisory”](#) | Students will experience work as an advisor within EY’s Financial Accounting Advisory Services division, while practicing key skills such as client centricity, technical IPO knowledge, sustainability reporting and technical accounting.

Please note, this is a third-party platform not supported by Roanoke College, and you should review the data collection statement on the landing page prior to joining. You can opt out of sharing your details with any of the firms whose projects you complete. Let us know if you have questions as you explore opportunities and [schedule an appointment](#) with PLACE to incorporate your completed projects into your resume.

CliftonStrengths Platform

Have you completed the Strengths assessment already? Learn more about your [top 5 Strengths on the new platform](#) - from the home page, you can scroll down and click "learn more" for each strength. The new CliftonStrengths Top 5 report is here for you. Check out the quick videos to discover more about what your strengths mean! You can schedule an appointment with PLACE to talk more about how these strengths relate to your future career.

Want to learn more about your top strengths? Like podcasts? Checkout the [CliftonStrengths Podcast!](#)

2024 Fall Paid Research Opportunities

The Office of Science / US Department of Energy is pleased to announce paid research internship opportunities for undergraduate students majoring in areas of Science, Technology, Engineering, and Mathematics (STEM) for the Fall of 2024. The application system for the 2024 Fall Term Science Undergraduate Laboratory Internships (SULI) program is currently open, with all applications due by 05:00 PM Eastern Time on May 22, 2024.

The Science Undergraduate Laboratory Internships (SULI) program places students from 2 and 4 year undergraduate institutions as paid interns in science and engineering research activities at DOE national

laboratories and facilities, working with laboratory staff scientists and engineers on projects related to ongoing research programs. Appointments are for 16 weeks during the Fall term, are open to US Citizens and US Lawful Permanent Residents, include a weekly stipend, reimbursement for one round trip domestic travel to the participant's host DOE laboratory, and possibilities for a housing allowance. More than 850 internships are sponsored annually.

Application is made online. Full program information and descriptions, including links to the online application system, are available at: <https://science.osti.gov/wdts/suli/>

Handshake Highlights

Communications and Community Engagement Coordinator

<https://roanoke.joinhandshake.com/edu/jobs/8938284>

The City of Roanoke is seeking a dynamic and proactive Communications and Community Engagement Coordinator to join our local government communication team. This role will be responsible for managing internal communications, overseeing website content, running social media channels, organizing employee engagement events, and providing backup support to other communication team members as needed. The ideal candidate will have a bachelor's degree in Communications, Public Relations, Marketing or related field; excellent written and verbal communication skills, a keen eye for detail, and a passion for engaging with diverse audiences within the organization. Possession of a valid driver's permit issued by the Commonwealth of Virginia. Bilingual, Spanish/English speakers encouraged to apply.

Applications close on May 15th.

Part-Time Supply Chain Internship with Fastenal in Roanoke

<https://roanoke.joinhandshake.com/edu/jobs/8952972>

Embark on a dynamic journey as a Part-time Supply Chain Associate, where every day offers a new opportunity to immerse yourself in the world of supply chain excellence. In addition to managing inventory, you'll play a pivotal role in supporting business-to-business operations by administering procurement, sourcing, and quoting functions that seamlessly meet the needs of our customers and drive the success of their business. This position is for our branch located at 2030 Plantation Rd NE, Roanoke, VA 24012. This position may offer a flexible schedule after a period of onboarding, training, and meeting performance goals.

The duties and responsibilities of this position include, but are not limited to:

- o Managing branch inventory levels
- o Administering procurement functions, including purchase orders and backorder management
- o Estimating/quoting prices and sourcing product
- o Coordinating resources to respond to customer supply chain needs
- o Supporting accounts receivable activities
- o Making deliveries with a company vehicle as necessary
- o Performing other duties as needed to ensure branch success

2025 Internal Audit Summer Analyst Program at Morgan Stanley in Baltimore

<https://roanoke.joinhandshake.com/edu/jobs/8877678>

Summer Analysts join the Morgan Stanley Internal Audit Department in June for a comprehensive 10-week internship and development program that provides participants with exposure to various functions across Internal Audit and coverage areas within the Firm (e.g., equities, compliance). Individuals who successfully complete the program may be considered for full-time employment following college graduation.

The Summer Program includes training on internal audit fundamentals and Morgan Stanley's audit methodology, engagement with senior leadership, cross-divisional networking opportunities, peer mentorship, community service opportunities, and a group project in which Summer Analysts present what they have learned through the program to a broader audience. Participants in the Technology Track will also learn about cutting-edge technology, including, but not limited to, artificial intelligence, machine learning, algorithmic trade engines, pricing models, digital banking, advisory services, and cloud computing.

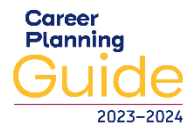

To be considered, candidates must apply by August 9, 2024.
